

Complete Physical Therapy is Growing!

We would like to hire a Pelvic Floor and Orthopedic Physical Therapist

Complete Physical Therapy is a privately owned outpatient physical therapy clinic located in Casper, Wyoming. Casper is home to a Blue Ribbon Trout stream, world class rock climbing and mountain biking, X-C Skiing, and an ever-growing outdoor trails system. If you like being outside it's a wonderful place to be.

Complete Physical Therapy is looking to hire a full time Pelvic Health Physical Therapist to meet the demands of our growing clinic. We treat all pelvic floor, women's and men's health-related conditions for all age ranges. We have the best women's health therapist Dr. Julie Maiers, PT, DPT to help mentor a therapist willing to grow and learn.

Complete Physical Therapy also is looking to hire an orthopedic physical therapist with strong manual therapy background, with focus on fitness forward thinking to get their patients to Own their health and own their life. The ideal candidate will be motivated, nurturing, and outgoing and willing to be trained under industry leaders, as well as take guidance and mentorship.

We have a strong emphasis on continuing education and want our therapists to be trained by the best in the industry before taking on our specialized patients. We offer a robust continuing education package to help meet your needs.

We pride ourselves in allowing physical therapists to have autonomous schedules with one on one treatments to fit your needs and lifestyle. If you want the opportunity to be your own boss with an advantageous pay structure, then you may be the ideal person for the job. We are a life-first work culture.

We are looking to hire energetic and passionate therapists who provide evidence based care with high attention to detail. A candidate must have excellent communication skills, have a growth mindset, will ensure their patients succeed and get back to life. In addition a candidate must have strong desire to learn.

We have opportunities to work with an acupuncturist, massage therapist and certified Pilates instructor who all work alongside our growing practice.
